OTHER COMMENTS – (PLEASE USE EXTRASHEET IF REQUIRED)

We have been using Ash Estates for over 4 years on various projects ranging from basic site maintenance, security fence installations, demolitions, redevelopments and refurbishments of industrial units, site clearance and new site development. Work has always been completed on time, on budget and with excellent levels of communication throughout process. On the few occasions where adjustments or revisits have been required, all outstanding's have been handled personally by John in a timely fashion.

We have no hesitation in recommending Ash Estates and look forward to working with them again in the very near future.
